Outsourced Manufacturing Challenges

Less Visibility, Less Control, Conflicting Information

ATP based on supplier capacity and availability of optional components	Communicating configuration changes to multiple supplier tiers	Enforcing compliance to mfg instructions and methodology
Enforcing product quality standards	Capturing the "as built" genealogy and product traceability information	Tracking and reporting WIP and order status to customers
Managing and monitoring inventory levels (WIP, etc)	Communicating shipping instructions, authorizations, and notifications	Tracking in-transit shipments from supplier to customer

All the "Headaches" of In-House Manufacturing are Amplified
